State of Oregon Climate Adaptation Framework 2020

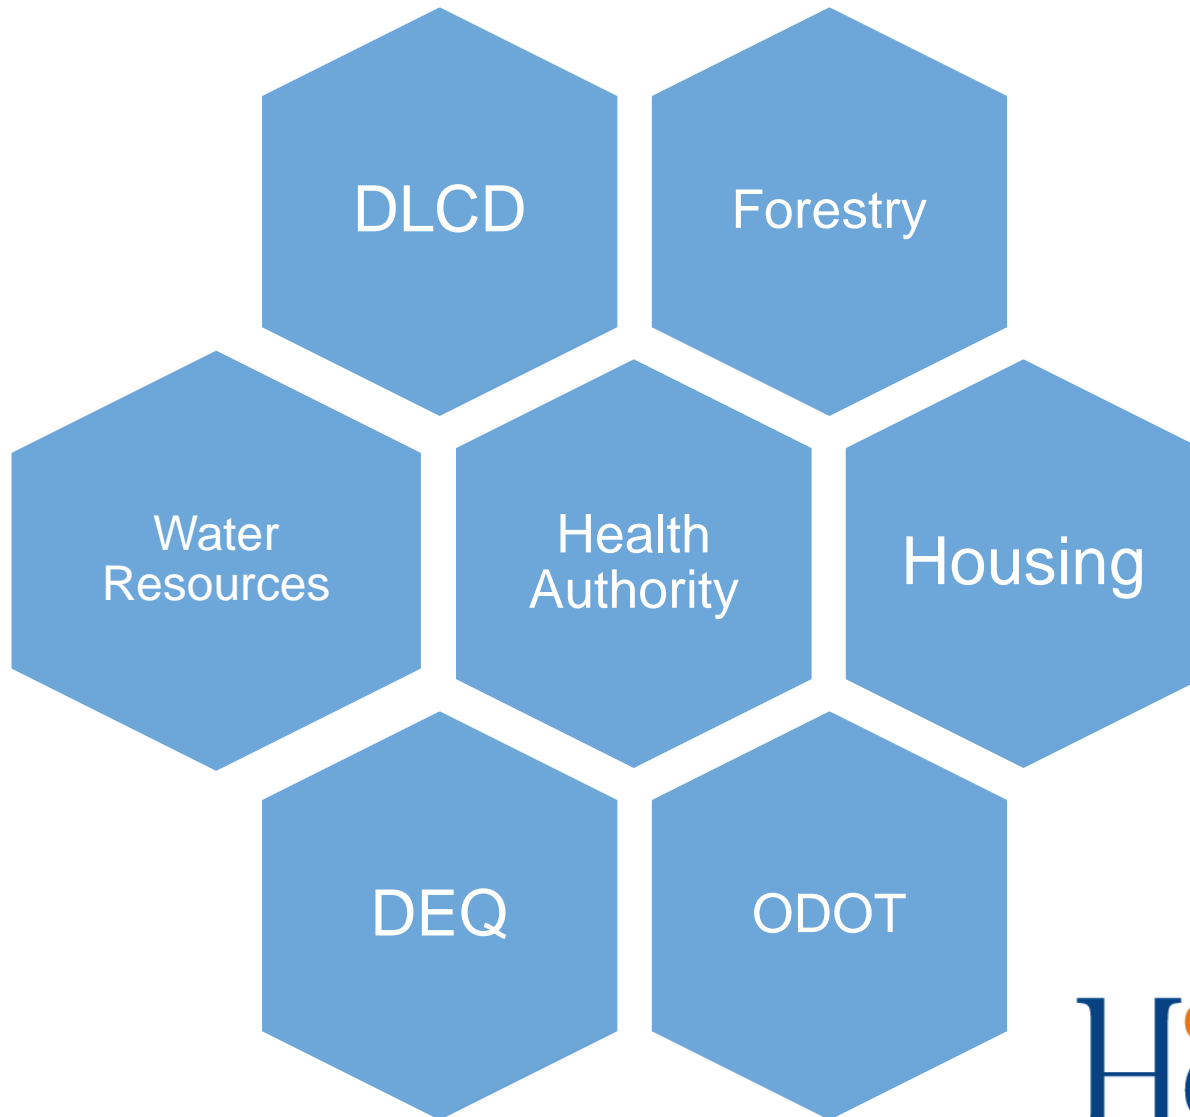

Climate Change Adaptation Framework

Interagency Priorities

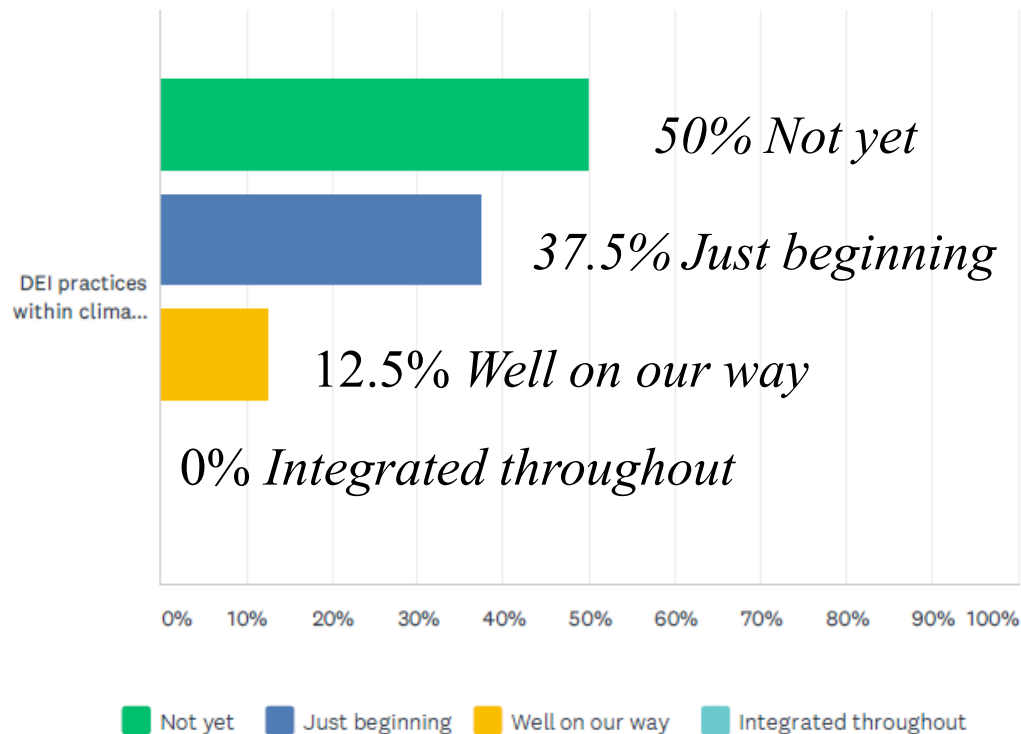

1. A structure of leadership and support
- 2. Equity and inclusion best practices**
3. Completion of a comprehensive climate change vulnerability assessment
4. Tools to encourage a culture of interagency collaboration
5. Integration of climate change into agency programs and budgets

Interagency Climate Equity Workgroup

Has your agency operationalized any DEI practices specific to your climate-related work?

Answered: 16 Skipped: 0

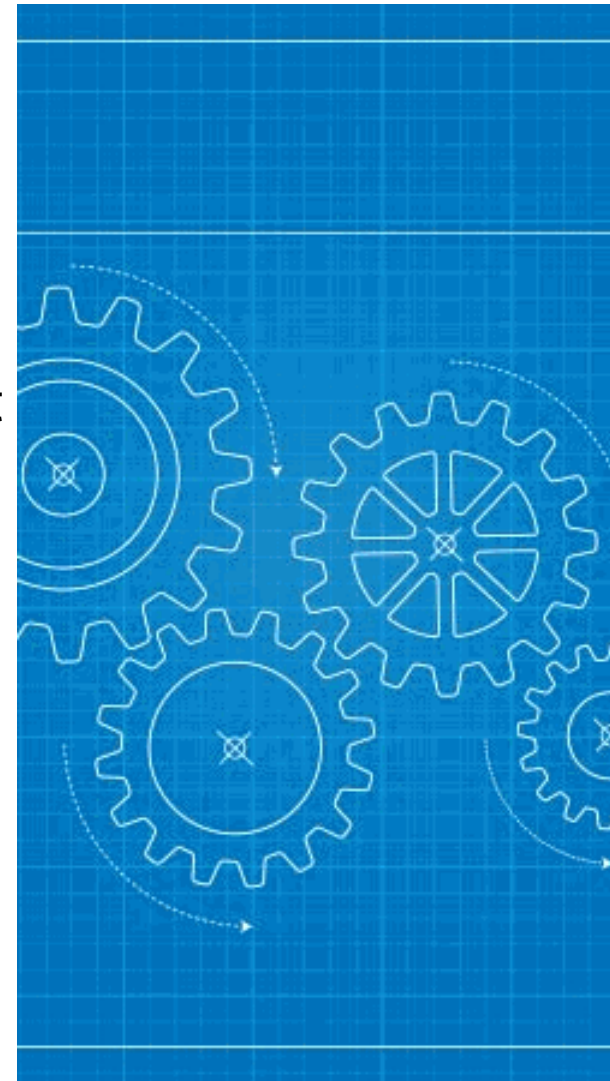

What is the Blueprint?

MAIN SECTIONS

- Build Workforce Capacity
- Lead Meaningful Community Engagement
- Embed Equity and Accountability
- Improve Data Use

For each section, we provide:

- Best practices
- Guiding questions
- Case studies
- Links to additional resources

Consultant Recommendations for State Leaders

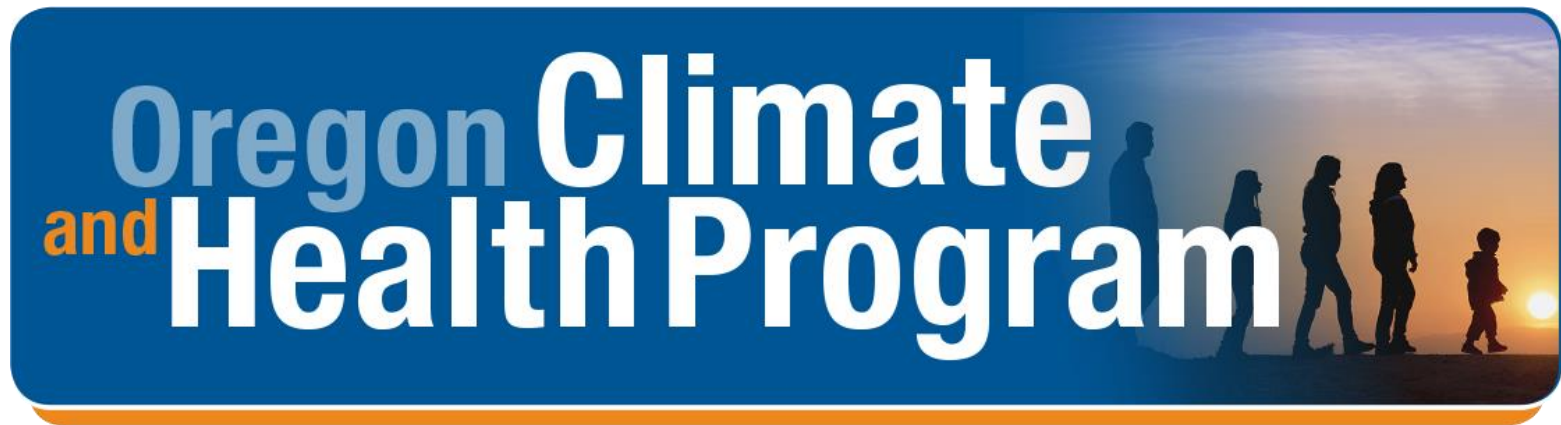

1. **Prioritize Equity** through strategic investments across State agencies.
2. **Strengthen Infrastructure** to support ongoing meaningful community engagement, interagency collaboration and accountability
